THE Jacobs' Stores

Are located at convenient points for shoppers to reach, and the immense stock offers the greatest variety of goods that can be purchased in any drug store anywhere. Every known drug is on our shelves, and the FRESHNESS and PURITY of every drug is guaranteed. That is why the **JACOBS' STORES** are the safest places to bring your prescriptions to be filled. To make it still easier for ladies to buy of us, we have women attendants in all departments. When you need anything that can be bought in a drug store come here and save money.

JACOBS' PHARMACY

6 AND 8 MARIETTA AND 23 WHITEHALL.

Twenty-five Years Ago

We started business in a single room with a total working force of four people. Today between one hundred and one hundred and fifty people; while our main plant now occupies main floor 6 and 8 Marietta Street and basement, 2d and 3rd floor over 6, 8, 10 and 12 Marietta Street, with extra warehouse 12 Whitehall Street, under viaduct, also one store at 23 Whitehall Street, and branch store in Birmingham, Ala.

Distinctive Jacobs' Methods

Jacobs' Pharmacy stocks everything known or demanded in Drugs, Chemicals, Herbs, domestic and foreign Patent Medicines, Sundries, Toilet Articles, Rubber Goods, Household Remedies and Sick Room Supplies, Perfumes, Stationery, Paints.

We also developed into Manufacturers.

For years we have made many preparations, Pharmaceutical and Proprietary. The public appreciated them and wanted other things bearing the **"Jacobs' Quality"** Trade Mark.

Little by little one preparation after another of **"Jacobs' Quality"** was added, until our assortment embraced nearly everything desired in the Proprietary and Toilet Article Line.

Our customers have learned that the best qualities and largest values are secured in purchasing goods bearing the Jacobs' TRADE MARK.

Our Standard of Quality

Nothing bears the endorsement of our trade-mark unless pure, wholesome and of the best quality. We admire handsome looking goods, but we attach more importance to the purity of an article than to its appearance.

Our rigid regulations in manufacturing and our critical methods in buying secure for us at all times the best goods that can be procured.

Lowest Prices Possible

Our business began, and has continued, upon the basis of the Lowest Possible Prices. The rapid increase in our business, and the manufacturing of many preparations; together with the purchase of others direct from first hands, enable us to quote the very lowest prices consistent with quality.

A critical comparison of our prices with those of any other reliable house in the United States clearly demonstrates the advantages of dealing--
At Jacobs'.
